

The Drawing With Two Ideas

Unit 1 • Week 2 • Thursday Storytelling

At the Art Studio, Mateo drew a tall building with a purple door.

Zoe sat beside him and drew a garden filled with enormous flowers.

“My building needs something outside,” Mateo said.

Zoe looked at her flowers. “Maybe it needs a garden.”

Mateo liked that idea. On a new sheet of paper, they began a picture together. Mateo drew the building. Zoe added flowers beside it.

Then Mateo drew a path through the garden, and Zoe added two people walking on it.

When they finished, they looked at the picture.

“It has your idea and my idea,” Zoe said.

Mateo nodded. “We created it together.”
